### **North Carolina PBS State License Plate Initiative**

Brothers,

It has been a long time since we have begun the process for the Specialized Plate for Phi Beta Sigma Fraternity, Inc. in the state of North Carolina. I am proud to announce that we have made some major accomplishments. They are listed as follows:

- ❑ The Phi Beta Sigma license plate has been approved and accepted by the North Carolina legislative
- ❑ At the 2010 North Carolina State Conference, the conference voting body authorized the state board to allow the remaining license plate applications to be filled at no cost (Please ignore the request for \$20.00 payment).

In order for the NC Department of Transportation to begin production, we will need to provide them 300 applications with the appropriate fees to process the plates. Below are the stipulations for filing your application for a free Phi Beta Sigma specialized-license plate:

- ❑ Applications will be received on a first received basis
- ❑ Applications for PBS license plates will be open to all confirmed brothers with a vehicle registered in the state of North Carolina
- ❑ Applications must be completely filled out to be included in the initial production batch (This includes membership number, initiation chapter & date)
- ❑ Applications can be received via fax, US Mail or e-mail (This information can be found below)
- ❑ Once we have reached the initial batch of 300, the remaining applications will be held for processing and will require the specialized license plate fee

Additionally, the State Board will be conducting a raffle for the following personalized license plates: 1914, PBS & BLUE. Raffle tickets for these plates will be \$5.00 ( The tickets for these plates will be available by local chapters, or by individual request by fax, US Mail or email).

If there is any questions concerning the North Carolina License Plate Initiative, Please do not hesitate to contact me.

Fraternally,

Brother Steven Jackson  
State Director, North Carolina
